

Communication in Young Children: What we KNOW & What we can DO in Early Intervention

Sponsored by: Infant Development Association of California

Dates/Locations: May 16, 2008 - Napa County Office of Education, Napa, California

OR

September 19, 2008 - San Bernardino County Superintendent of Schools,
West End Educational Service Center, Rancho Cucamonga, California

Times: 8:00 am registration/9:00 am session begins/4:00 pm session ends.

Presenter: Joy Bonds-Baird, M.S., CCC-SLP

Workshop Description: Join us for a dynamic day of learning about all aspects of young children's communication. We will cover brain development, the developmental stages of speech, language and hearing, what to do when concerns arise and strategies for effective interventions.

This interactive session will use discussion, videos, handouts, and a multitude of activities along with a good dose of laughter. You will leave the session with a deeper understanding of the human communication system and with knowledge of best practices in early intervention. By the end of the day you will have new and effective skills to encourage children's speech, language and hearing.

- Participants will increase their knowledge of early brain development and its impact on speech and language.
- Participants will increase their knowledge of typical and atypical communication development in very young children.
- Participants will learn about the impact hearing has on speech and language development.
- Participants will be aware of Red Flags for possible communication and hearing delays and the referral process for evaluation.
- Participants will learn strategies for developmentally appropriate communication interventions.

Confirmation/Directions: Confirmations with driving directions will be sent via email or FAX.
